Submissions are Now Open!

Welcome to IEEM 2025! We are delighted to invite you to join us at the IEEM 2025 Conference, where we continue our tradition of excellence. This event offers a remarkable opportunity for in-person engagement, idea sharing, and the growth of your professional network.

We enthusiastically encourage participants to contribute to the conference by submitting high-quality papers or abstracts. Select a topic from the list below that best aligns with your research interests. Submissions should be significant, original, and unpublished, ensuring they make a valuable contribution to the conference.

1. Choose One Submission

Full Paper (Deadline: 29 May 2025)

Subject to rigorous review process and will be included in the conference proceedings for publishing to IEEE Xplore. This choice is ideal if publishing your research is crucial.

Abstract Only (Deadline: 24 Jul 2025)

We recognize that submission of full paper may be a tedious and daunting task. This option is tailored for authors who prefer to be excluded from the publishing process

Organize Special Sessions

Special sessions provide a dedicated platform to spotlight specialized topics, emerging areas of interest, or innovative themes, enhancing the breadth of discussions at IEEM meetings. To create a dynamic and engaging session, we recommend organizers plan for at least six presentations. We invite you to contribute to the conference's success by leading a Special Session focused on your area of expertise. [Click here](#) to learn more.
